

Parent Governor - Mrs C Hinchliffe

I live in Penistone with my husband and two young children where our eldest child attends Oxspring primary school.

I have a genuine passion to enhance children's learning and progression.

I have worked with Children and in the Education sector for the past 14 years, whether it has been on an employed or voluntary basis. I have always found my roles to be extremely rewarding and fulfilling, and I enjoy watching and being part of a child's developmental journey.

As a Parent Governor I believe I play a vital role on the board of governors, holding the unique position of having a parental viewpoint of the school. Through my child I have a first hand knowledge of the delivery of the curriculum, and how the school is perceived from a parental point of view. This, to me, brings a different perspective to the strategic management of the school. It is important for me to establish a rapport with the parental body which elected me, whilst continuing to maintain a strategic approach to school governance.
