

I have lived in Oxspring for the last 10 years and have two children at Oxspring school. Since my eldest child started I have been actively involved in the PTA serving as both vice chair and the Chair over the last five years. I have also worked with both school staff and the pupil parliament on a number of projects.

Before taking a career break I was a Primary School teacher for 10 years, working at a number of local Primary Schools along with Greenacre Special School. I have a subject specialism in English and am particularly interested in the teaching of reading.

I have worked closely with School over the last six years and am keen to extend that to work as part of the Governing Body.

In my free time I enjoy travel with my family, both in the uk and abroad.
