

Helen Sparks

Helen was elected a parent governor at Oxspring in December 2015. She is the Reading Governor. She is also part of the Vision Working Party and sits on the Staffing and Curriculum Committee.

Helen has been a parent at the school since 2010 and currently has 3 children in different classes. She has had insight into the school from volunteering in the school garden and supporting the literacy leadership in their work.

She works as an experienced NHS and private physiotherapist and has gained many leadership skills through this work including supervision, running of a team and service development.

She became a school governor to support Oxspring Primary School in providing an excellent, broad education for all the children enabling their development into confident, young people prepared for the modern world and its challenges. She would like to achieve this through supporting the staff and parents to provide a rich learning environment as well as raising the school's profile and reputation.
