

Oxspring Primary
PE and Sports Premium
2016-17

At Oxspring Primary School, we recognise the contribution of PE and sports to the health and well-being of children. We passionately believe that PE and Sport play an important role in the overall development of our children, with the potential to change young people's lives for the better. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School PE and Sport's Premium Funding will enable us to continue and extend our provision through employing additional sports professionals, entering into more competitive sports competitions and training our staff to deliver in-house quality PE sessions.

Sports Premium Background

Up until the academic year 2019/2020, the Government is making available to all schools a sum of money annually to allow them to continue to develop sports provision within school and to help schools increase pupil participation in sporting activity. For our school this means £8562.

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2016 to 2017 academic year, to encourage the development of healthy, active lifestyles. Information on how much PE and sport premium funding primary schools receive and advice on how to spend it has been published (see <https://www.gov.uk/government/publications/pe-and-sport-premium-funding-conditions-for-2016-to-2017>)

The DFE guidance states that:

'Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

This means that you should use the premium to:

- *develop or add to the PE and sport activities that your school already offers*
- *make improvements now that will benefit pupils joining the school in future years'*

Funding can be used for the following:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs
- run sport competitions
- increase pupils' participation in the School Games
- run sports activities with other schools

*This funding is ring-fenced and therefore can **only** be spent on provision for PE and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport. We are required to publish on-line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are made fully aware of the PE and sporting provision at Oxspring Primary School.*

Sports Premium Grant

Allocations for the academic year 2016 to 2017 are calculated using the number of pupils in Years 1 to 6, as recorded in the January 2016 census, as follows:

- schools with 17 or more pupils receive £8,000 plus £5 per pupil
- schools with 16 or fewer pupils receive £500 per pupil

Total no of primary aged pupils between the ages of 5-11 ()	127
Total amount of Sport Premium Grant received (on an academic year basis 2016/17)	£8562

What does the Sport Premium mean for my School?

'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DFE June 2013).

SPORTS DAY ASSEMBLY—

'After the epic sporting achievements last week at the Institute of Sport, this week it was time for the results! Every throw, every jump and every race the children competed in earned points for their team. In a really close competition, the green team came top in the morning's events, and the yellows won the afternoons races. After all the points were combined, the greens were the overall winners. Many congratulations to them, and well done to all our athletes from all teams for competing so brilliantly. Thank you to Lucy W (House Captain) for collecting the trophy on behalf of the team. Huge thanks to the Abdy family at Wentworth Pewter for their very kind and generous donation of the lovely trophy! It is greatly appreciated by everyone at Oxspring Primary School!'

then onwards. 95 schools across Yorkshire took part in the relay, which will cover a total distance of 395km (245 miles). So well done Oxspring for being involved in the first event of this kind! You did us proud! Congratulations also to Sarah T. in Class 5 who designed the winning banner, which now has pride of place outside of school!'

The impact of the sports premium funding on the quality of PE and sporting provision at Oxspring Primary School is significant. Through coaching and training, staff confidence in the delivery of PE continues to grow and the children receive a broader range of opportunities. This will continue to be further developed and enhanced in 2017 -18.
