Oxspring Primary
PE and Sports Premium
2017-18

Our Vision

'Embracing Learning - a school for all'

Our School's Mission

'To be a learning community with a culture of ambition and achievement'

Our Values

At Oxspring Primary School, we recognise the contribution of PE and sports to the health and well-being of children. We passionately believe that PE and Sport play an important role in the overall development of our children, with the potential to change young people's lives for the better. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School PE and Sport's Premium Funding will enable us to continue and extend our provision through employing additional sports professionals, entering into more competitive sports competitions and training our staff to deliver in-house quality PE sessions.

Sports Premium Background

The PE and Sport Premium Grant is devolved funding from central government. This funding must be used to fund improvements to the provision of PE and sport for the benefit of pupils aged 5 - 11 years old in the 2017 - 2018 academic year so that all pupils develop healthy lifestyles. In 2017- 18, schools with 17 or more eligible pupils receive Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

Information on how much PE and sport premium funding primary schools receive and advice on how to spend it has been published <https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools>

DFE guidance states that schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that schools should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are **5 key indicators** that schools should expect to see improvement across:

- **the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school**
- **the profile of PE and sport is raised across the school as a tool for whole-school improvement**
- **increased confidence, knowledge and skills of all staff in teaching PE and sport**
- **broader experience of a range of sports and activities offered to all pupils**
- **increased participation in competitive sport**

Funding can be used for the following:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- enter or run more sport competitions
- partner with other schools to run sports activities and clubs
- increase pupils' participation in the *School Games*
- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching
- run sports activities with other schools

Accountability

*This funding is ring-fenced and therefore can **only** be spent on provision for PE and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport. We are required to publish on-line information about how we have used the additional funding, including:*

- the amount of premium received
- a full breakdown of how it has been spent (or will be spent)
- the impact the school has seen on pupils' PE and sport participation and attainment
- how the improvements will be sustainable in the future

Inspectors have been asked to consider the impact of the Primary School Sport funding on pupils' lifestyles and physical well-being by taking into account of the following factors:

1. Increased participation rates in such activities as games, dance, gymnastics, swimming and athletics.
2. Increased knowledge of teachers within the subject area through CPD, team teaching and access to new resources.
3. Increased amount and success in competitive school sports both inter and intra-school.
4. More inclusive physical education curriculum.
5. Growth in the range of provisional and alternative sporting activities ie: new sports.
6. Improved partnership working on physical education with other schools and other local partners eg: English Institute of Sport.
7. Links with other subjects which contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills.
8. Greater awareness amongst pupils around health and wellbeing e.g. dangers of obesity, smoking and other such activities that undermine pupils' health.
9. Improved physical education lesson planning and pupil assessment.

With this in mind Oxspring Primary School focuses its Sports Premium spending on:

- Employing a Sports Coach to increase teacher subject knowledge and staff development and extend participation rates in gymnastics, athletics, games and dance, as well as further enhancing our provision.

- Sporting competitions between schools as part of Team Activ
- Extra-curricular activities led by the Sports Coaches each week.
- An improved 'active playground' (including Pupil Play Leaders training and resources) during playtimes and lunchtimes.
- Holding our annual Sports Day at the English Institute of Sport (a world class sporting venue).
- Additional high quality provision for dance (Primary Sports Coach) and new sports

What does the Sport Premium mean for my School?

'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DFE June 2013).

At Oxspring Primary School we have allocated funding to the three key areas for consideration; Physical Education, Healthy Active Lifestyles and Competitive Sport. We have decided to spend the Sport Premium Grant on the following

Physical Education:

Raising standards of all our children in Physical education

Key Indicator/s:

- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
