

Here are some ideas of activities you could try at home linked to the work we are doing this half term. Perhaps choose a different activity to have a go at each week. We would love to know how you get on and would be grateful if you could record what you have done with your child through writing, drawings or photographs in this home-school book.

Number Hunt - go on a local walk to spot numbers. Can your child find all the numbers to 20?

Pirates - Help your child to find out more about Pirates from the internet or books from the library. They could have a go at writing one of the interesting facts they have found out.

Try [www.usborne-quicklinks.com](http://www.usborne-quicklinks.com) and search for "beginners pirates" for pirate games and information online.

Support your child to design and make their own pirate flag.

Ask your child to draw a picture of themselves as a pirate. Can they label the clothes they are wearing? E.g. eye patch, bandana.

Make a pirate ship out of plastic cartons and cardboard boxes. Can your child think of a name for their ship? They might even like to check if it will float.

Support your child to write a list of things they would need to take on a pirate adventure.
