1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education \(2020\)](#) and [Working Together to Safeguard Children \(2018\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners. See also https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/419604/What_to_do_if_you_re_worried_a_child_is_being_abused.pdf

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the "2018 Childcare Disqualification Regulations") and [Childcare Act 2006](#), which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).
- Barnsley Children's Safeguarding Partnership (BCSP) Guidance <https://www.barnsley.gov.uk/services/children-families-and-education/safeguarding-families-in-barnsley/safeguarding-children-in-barnsley/barnsley-safeguarding-children-partnership/>

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment

- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after (see section 11)

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and deputy, and the safeguarding response to children who go missing from education
- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation

Section 15 and appendix 4 of this policy outline in more detail how staff are supported to do this.

5.2 The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Mrs Sharon Irwin (Headteacher). The DSL takes lead responsibility for child protection and wider safeguarding.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns. The staff also have access to the Headteacher's mobile number in case of emergencies out of school hours.

When the DSL is absent, the Deputy DSL Mrs Helen Rolling (Assistant Headteacher) – will act as cover.

If the DSL and deputy DSL are not available, the next most senior member of staff in school will act as cover (for example, during out-of-hours/out-of-term activities).

The DSL will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly

The DSL will liaise with local authority case managers and designated officers for child protection concerns as appropriate.

5.3 The governing board

The governing board will approve this policy at each review, ensure it complies with the law and hold the Headteacher to account for its implementation.

The governing board will appoint a link governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL. The Safeguarding Link Governor is Ms M. Hollingworth.

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate (see appendix 3).

All governors will read Keeping Children Safe in Education.

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

Section 15 of this policy has information on how governors are supported to fulfil their role.

5.4 The Headteacher

The Headteacher is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- Ensuring the relevant staffing ratios are met, where applicable

6. Confidentiality

The school, and all members of staff at the school, will ensure that all data about pupils is handled in accordance with the requirements of the law, and any national and local guidance.

Any member of staff who has access to sensitive information about a child or the child's family must take all reasonable steps to ensure that such information is only disclosed to those people who need to know.

Regardless of the duty of confidentiality, if any member of staff has reason to believe that a child may be suffering harm, or be at risk of harm, their duty is to forward this information without delay to the Designated Safeguarding Lead.

- Timely information sharing is essential to effective safeguarding
- Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk
- Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information
- If staff are in any doubt about sharing information, they should speak to the designated safeguarding lead (or deputy)

- Confidentiality is also addressed in this policy with respect to record-keeping in section 14, and allegations of abuse against staff in appendix 3

7. Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean “the DSL (or deputy DSL)”.

7.1 If a child is suffering or likely to suffer harm, or in immediate danger

Make a referral to children’s social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.**

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

Members of staff and volunteers must not investigate suspicions; if somebody believes that a child may be suffering, or may be at risk of suffering significant harm, they must always refer such concerns in line with DFE and BSCB Procedures. A ‘Cause for Concern’ is an action, observation or discussion that makes you feel anxious or worried about the well-being or safety of a child. To this end, volunteers and staff will follow the procedures below;

- All causes for concern must be recorded immediately and in writing using the school’s cause for concern template by the person with the concern.
- The DSLs must be alerted
- The designated teacher will decide on the appropriate actions, recording these on the action section of the incident
- The Designated Safeguarding Lead will consider if the issue needs to be passed to Children’s Social Care Assessment and Joint Investigation Team for further action via a telephone conversation and the Request for a Service procedure.
- Even if this results in no further action the incident will remain active and the pupil will be monitored by the DSL. Any further discussions, telephone calls or meetings in relation to the child must be recorded on the monitoring record sheet.

7.4 Designated leads and other appropriate adults will hold a monthly meeting to discuss and review all live and dormant case files. This provides the opportunity for designated teacher to:

- Monitor that agreed actions have taken place
- Evaluate the impact of these actions
- Agree next steps
- Quality assure written records
- Ensure that clear actions are followed up where there is a Child Protection Plan in place and the outcomes are monitored.
- Ensure school is represented at Core Groups and Conferences

All further involvement and documentation must be stored in a secure place and nowhere else.

We will ensure that all members of staff and employees are familiar with the procedures for keeping a confidential written record of any incidents and with the requirements of Barnsley Safeguarding Children Board.

Where any member of staff fails to report their concerns, this may be dealt with as a disciplinary matter.

Where there are concern about members of staff including the Headteacher, we will follow the local authority and Barnsley Safeguarding Children Board. Concerns must be reported to the Local Authority Designated

Officer (LADO) immediately. Staff can also report concerns to governors, safeguarding governor and chair of governors.

The DSL will make other staff aware about vulnerable pupils as appropriate

Access the advice on Barnsley Children's Safeguarding Partnership website

<https://www.barnsley.gov.uk/services/children-families-and-education/safeguarding-families-in-barnsley/safeguarding-children-in-barnsley/worried-about-a-child/>

Also see the link to the GOV.UK webpage for reporting child abuse to your local council:

<https://www.gov.uk/report-child-abuse-to-local-council>

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation on a cause for concern form as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Sign and date the cause for concern form and pass it on to the DSL. Alternatively, if appropriate, make a referral to children's social care and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so.

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18 must immediately report this to the police**, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local BCSP safeguarding procedures.:

https://www.proceduresonline.com/barnsley/scb/p_fem_gen_mutil.html

7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

Figure 1 on page 11 illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

Early help

If early help is appropriate, the SENDCO / Deputy DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

A referral form will be completed and sent to the Early Help Team. See the link below

<https://www.barnsley.gov.uk/services/children-families-and-education/early-help-for-families/how-to-get-early-help/>

The SENDCO /Deputy DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving.

Timelines of interventions will be monitored and reviewed.

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

If the child is in danger Call the police on 999 or (01142) 202020.

If the child is not at risk of immediate harm:

If you're concerned about a child, but they're not in immediate danger, it's still important to share the information with us as soon as possible. If your call is not urgent contact the Assessment Service on (01226) 772423 or 772443. The offices are open between Monday and Friday from 9am to 5pm.

Out of hours emergencies:

If you want to report your concern urgently and offices are closed you can contact the Emergency Duty Team on (01226) 787789. They work on weekends and bank holidays and deal with issues that can't wait until usual office opening hours.

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

See BCSP procedures on https://www.proceduresonline.com/barnsley/scb/p_referrals.html and https://www.proceduresonline.com/barnsley/scb/p_escalation.html

7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The **Department for Education also has a dedicated telephone helpline, 020 7340 7264**, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

7.6 If you have a mental health concern

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If there is a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 7.4.

If there is a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action. The DFE has published advice and guidance on Preventing and Tackling Bullying, and Mental Health and Behaviour in Schools. In addition, Public Health England has produced a range of resources to support secondary school teachers to promote positive health, wellbeing and resilience among young people including its guidance Promoting children and young people's emotional health and wellbeing. Its resources include social media, forming positive relationships, smoking and alcohol. See Rise Above for links to all materials and lesson plans.

See advice from Young Minds <https://youngminds.org.uk/?gclid=CLuvhMeJ69UCFYOw7QodHIEJQQ> and BMBC advice on <https://www.barnsley.gov.uk/services/health-and-wellbeing/children-young-people-and-families/childrens-emotional-health-and-wellbeing/>

Also refer to the Department for Education guidance on [mental health and behaviour in schools](#) for more information.

Figure 1: Procedure if you have concerns about a child’s welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

(Note – if the DSL is unavailable, this should not delay action. See section 7.4 for what to do.)

7.7 Concerns about a staff member, supply teacher or volunteer

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the Headteacher. If the concerns/allegations are about the Headteacher, speak to the chair of governors.

The Headteacher/chair of governors will then follow the procedures set out in appendix 3, if appropriate.

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the Headteacher. If the concerns/allegations are about the Headteacher, speak to the Chair of Governors.

The Headteacher will then follow the procedures set out in appendix 3, if appropriate.

If the concerns/allegations are about the headteacher, speak to the designated officer at the local authority. (LADO <https://www.barnsley.gov.uk/services/children-families-and-education/safeguarding-families-in-barnsley/safeguarding-children-in-barnsley/local-authority-designated-officer-lado/>)

7.8 Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

We also recognise the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

You must record the allegation and tell the DSL, but do not investigate it

The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence

The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed

The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially – this will be communicated in PSHE lessons, circle time, assemblies

- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

Sexual violence and sexual harassment can occur between two children of any sex. They can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that **all** victims are taken seriously and offered appropriate support. We will consider the following:

- It is more likely that girls will be the victims of sexual violence and more likely that sexual harassment will be perpetrated by boys. Schools and colleges should be aware of the importance of:
 - making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
 - not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
 - challenging behaviours (which are potentially criminal in nature), such as grabbing bottoms, breasts and genitalia . Dismissing or tolerating such behaviours risks normalising them.
- Children with Special Educational Needs and Disabilities (SEND) can be especially vulnerable. Disabled and deaf children are three times⁶ more likely to be abused than their peers. Additional barriers can sometimes exist when recognising abuse in SEND children. These can include:
 - assumptions that indicators of possible abuse such as behaviour, mood and injury
 - relate to the child’s disability without further exploration;
 - the potential for children with SEND being disproportionately impacted by behaviours such as bullying and harassment, without outwardly showing any signs; and
 - communication barriers and difficulties overcoming these barriers.
- Children who are Lesbian, Gay, Bi, or Trans (LGBT) can be targeted by their peers. In some cases, a child who is perceived by their peers to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT. For the purpose of this advice, when referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline.
- When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.
- Whilst not intended to be an exhaustive list, sexual harassment can include:
 - sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
 - sexual “jokes” or taunting;
 - physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes including up-skirting (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
 - online sexual harassment, which might include: non-consensual sharing of sexual images and videos and sharing sexual images and videos (both often referred to as sexting); inappropriate sexual comments on social media; exploitation; coercion and threats. Online sexual harassment may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.
- In today’s modern world, children may be exposed to many radical and extremist views, both through the people they may meet and through a wide range of media. It is important that schools and colleges consider sexual harassment in broad terms. Sexual harassment (as set out above) creates an atmosphere

that, if not challenged, can normalise inappropriate behaviours and provide an environment that may lead to sexual violence.

- When considering harmful sexual behaviours, ages and the stages of development of the children are critical factors to consider. Sexual behaviour between children can be considered harmful if one of the children is much older, particularly if there is more than two years' difference in age or if one of the children is pre-pubescent and the other is not. However, a younger child can abuse an older child, particularly if they have power over them, for example, if the older child is disabled¹³ or smaller in stature. Access the Brook Sexual Behaviours Traffic Light Tool when considering harmful sexual behaviours.
- Harmful sexual behaviours **can**, in some cases, progress on a continuum. Addressing inappropriate behaviour **can** be an important intervention that helps prevent problematic, abusive and/or violent behaviour in the future. Children displaying harmful sexual behaviours have often experienced their own abuse and trauma.
- The most effective preventative education programme will be through a whole-school approach that prepares pupils for life in modern Britain. School has a clear set of values and standards, and these are upheld and demonstrated throughout all aspects of school life. They are underpinned by the school's behaviour policy and pastoral support system, and by a planned programme of evidence-based content delivered through the curriculum and the PSHE Jigsaw scheme.. Such a programme is developed to be age and stage of development appropriate, and tackles such issues as:
 - healthy and respectful relationships;
 - what respectful behaviour looks like
 - gender roles, stereotyping, equality
 - body confidence and self-esteem;
 - prejudiced behaviour;
 - that sexual violence and sexual harassment is always wrong; and addressing cultures of sexual harassment
- Discussions can lead to increased safeguarding disclosures. Children are made aware of the processes by which to raise their concerns or make a report. This includes processes when they have a concern about a friend or peer. All staff are aware of how to support children and how to manage a disclosure through annual training.

Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs assessment should consider:

- - the victim;
- - the alleged perpetrator; and
- - the other children (and, if appropriate, staff) at the school.

Risk assessments should be recorded and should be kept under review. At all times, the school will be actively considering the risks posed to all their pupils and putting adequate measures in place to protect them and keep them safe.

7.9 Sexting

This approach is based on guidance from the UK Council for Child Internet Safety for [all staff](#) and for [DSLs and senior leaders](#).

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL

- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through dialling 101.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE education (Jigsaw scheme) and computing programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- Issues of legality
- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers
- We also offer extra pastoral support for pupils with SEN and disabilities as part of their EHCP / personal support plans a appropriate.

10. Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

11. Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, Mrs Helen Rolling (SENCDO / Deputy DSL), who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

12. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras and will sign a staff code of conduct to consent to this.

We will not allow images of pupils to be used on school websites, publicity, or press releases, without express permission from the parent, and if we do obtain such permission, we will not identify individual children by name.

At the start of each academic year parental consent to the taking and use of photographs and videos will be updated for each pupil

The allowing of photographs and videos will be at the discretion of the Head Teacher.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

13. Complaints and concerns about school safeguarding policies

13.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 3).

13.2 Other complaints and concerns

Concerns about the safety of the school premises should be reported to the Headteacher. Concerns about safeguarding policies and procedures should be reported to the Headteacher and / or chair of governors.

The school has a duty to ensure that high standards of professional behaviour exist between staff and children, and that all members of staff are clear about what constitutes appropriate behaviour and professional boundaries.

At all times, members of staff are required to work in a professional way with children. All staff should be aware of the dangers inherent in:

- Working alone with a child
- Physical interventions
- Cultural and gender stereotyping
- Dealing with sensitive information
- Giving to and receiving gifts from children and parents
- Contacting children through private telephones (including texting), e-mail, or other social networking websites.
- Disclosing personal details inappropriately
- Meeting pupils and families outside school hours or school duties

If any member of staff has reasonable suspicion that a child is suffering harm, and fails to act in accordance with this policy and Barnsley Safeguarding Children Board procedures, we will view this as misconduct, and take appropriate action

An agreed code of conduct in relation to safeguarding has been agreed and adopted by all adults working with children at Oxspring Primary School. Any member of staff who does not adhere to the policy will be subject to disciplinary procedures

There are a range of mechanisms in place to ensure that pupils feel comfortable to express their concerns to adults for example:

- To the school staff via worry boxes
- Through encouragement to discuss issues at school assemblies
- via circle time
- An open approach to discussing issues with staff

13.3 Whistle-blowing

An agreed Whistle Blowing Policy in relation to safeguarding to supplement the BMBC corporate policy has been agreed in order to support the school ethos where pupils and staff can talk freely about concerns knowing they will be listened to and appropriate action taken.

See also our procedures regarding whistleblowing on BCSP link:
https://www.proceduresonline.com/barnsley/scb/p_whistleblowing.html

- Staff must acknowledge their individual responsibility to bring matters of concern to the attention of the Headteacher. Although this can be difficult this is particularly important where the welfare of children may be at risk. You may be the first to recognise that something is wrong but may not feel able to express your concerns out of a feeling that this would be disloyal to colleagues or you may fear harassment or victimisation. These feelings, however natural, must never result in a child or young person continuing to be unnecessarily at risk. Remember it is often the most vulnerable children or young person who are targeted. These children need someone like you to safeguard their welfare.

Don't think what if I'm wrong - think what if I'm right

Reasons for whistleblowing

- Each individual has a responsibility for raising concerns about unacceptable practice or behaviour
- To prevent the problem worsening or widening
- To protect or reduce risks to others
- To prevent becoming implicated yourself

What stops people from whistleblowing

- Starting a chain of events which spirals
- Disrupting the work or project
- Fear of getting it wrong
- Fear of repercussions or damaging careers
- Fear of not being believed

How to raise a concern

- You should voice your concerns, suspicions or uneasiness as soon as you feel you can. The earlier a concern is expressed the easier and sooner action can be taken.
- Try to pinpoint exactly what practice is concerning you and why
- Approach the Headteacher
- If your concern is about your immediate manager/Headteacher, or you feel you need to take it to someone outside the school, contact the Chair of Governors, or the Local Authority Designated Officer
- Make sure you get a satisfactory response - don't let matters rest
- Put your concerns in writing, outlining the background and history, giving names, dates and places where you can.
- A member of staff is not expected to prove the truth of an allegation but you will need to demonstrate sufficient grounds for the concern .

What happens next?

- You should be given information on the nature and progress of any enquiries
- Your employer has a responsibility to protect you from harassment or victimisation
- No action will be taken against you if the concern proves to be unfounded and was raised in good faith.
- Malicious allegations may be considered as a disciplinary offence

Self reporting

There may be occasions where a member of staff has a personal difficulty, perhaps a physical or mental health problem, which they know to be impinging on their professional competence. Staff have a responsibility to discuss such a situation with their line manager so professional and personal support can be offered. Whilst such reporting will remain confidential in most instances, this cannot be guaranteed where personal difficulties raise concerns about the welfare or safety of children

Further advice and support

It is recognised that whistle blowing can be difficult and stressful. Advice and support is available from your line manager, HR department and/or your professional or trade union.

"Absolutely without fail- challenge poor practice or performance. If you ignore or collude with poor practice it makes it harder to sound the alarm when things go wrong"

("Sounding the Alarm" – Barnardos)

14. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

Records are paper-based and are held in a locked cabinet in the head teacher's office. Records are retained while the child is at the school and passed on to the next setting when the child leaves.

In addition:

Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks

Appendix 3 sets out our policy on record-keeping with respect to allegations of abuse made against staff

15. Training

15.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from the 3 safeguarding partners.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

Contractors who are provided through a private finance initiative (PFI) or similar contract will also receive safeguarding training.

Volunteers will receive appropriate training, if applicable

All new members of staff will receive induction training, which will give them an overview of the organisation and ensure they know its purpose, values, services and structure, as well as how to identify and report abuse, and other child protection concerns within the appropriate levels of confidentiality.

All new staff at the school (including volunteers) will receive child protection information Part 1 of Keeping Children Safe in Education along with a safeguarding induction sheet which outlines key safeguarding documentation and contact details. They will also receive a copy of the Safeguarding and Child Protection policy on starting their work at the school

All staff will be expected to attend training via staff meetings / INSET / update meetings on safeguarding children and this will enable them to effectively fulfil their responsibilities, in respect of child protection. The school will provide access to this training and staff will also complete the on line safeguarding training which can be accessed via <https://www.barnsley.gov.uk/services/children-families-and-education/safeguarding-families-in-barnsley/safeguarding-children-in-barnsley/barnsley-safeguarding-children-partnership/> every 2 years

Staff visiting the school for short periods of time e.g. 1 day supply cover, will receive information in relation to safeguarding children and the procedures they must follow. (See Induction Policy)

All adults are required to attend safeguarding training. Attendance at school training will also be open to parent helpers, volunteers, extended schools providers, governors and any other parties that come in to contact with children on a regular basis. These staff will also be signposted to the online training available via the Barnsley Safeguarding Children Partnership website.

<https://www.proceduresonline.com/barnsley/scb/index.html>

For staff who are unable to access face to face Safeguarding Awareness training the school expects them to complete online training as above

15.2 The DSL and deputy

The DSL and deputy will undertake child protection and safeguarding training **at least every 2 years**.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, attending the LA safeguarding forum, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

15.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the Headteacher, they receive training in managing allegations for this purpose.

15.4 Recruitment – interview panels

We accept that it is our responsibility to follow the guidance set out in "Safeguarding Children and Safer Recruitment in Education". <https://www.gov.uk/government/publications/safeguarding-children-and-safer-recruitment-in-education>

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures. In order to ensure that children are protected whilst at this school, we will ensure that our staff and volunteers are carefully selected, screened, trained and supervised.

In particular we will ensure that the following checks are satisfactorily completed before a person takes up a position in the school:

- Identity checks to establish that applicants are who they claim to be² e.g. having sight of an applicant's birth certificate, passport and/or driving licence
- Academic qualifications, to ensure that qualifications are genuine
- Professional and character references prior to offering employment
- Satisfy conditions as to health and physical capacity

- Previous employment history will be examined and any gaps accounted for.
- DBS Checks will also be completed.
- The process should also confirm that the Preventing Illegal Working Declaration of Entitlement to Work in the UK is completed.

Single central record

Schools and colleges must maintain a single central record of pre-appointment checks, referred to in the Regulations (listed in paragraph 165) as the register and more commonly known as the single central record. The single central record must cover the following people:

- all staff, including teacher trainees on salaried routes (see paragraph 176), agency and third party supply staff (see paragraph 174) who work at the school.

The bullet points below set out the minimum information that must be recorded in respect of staff members (including teacher trainees on salaried routes). The single central record must indicate whether the following checks have been carried out or certificates obtained, and the date on which each check was completed/certificate obtained:

- an identity check. Identification checking guidelines can be found on the GOV.UK website;
- a barred list check;
- an enhanced DBS check/certificate;
- a prohibition from teaching check
- further checks on people who have lived or worked outside the UK (see paragraphs 172-173); this would include recording checks for those European Economic Area (EEA) teacher sanctions and restrictions described in paragraph 149 of KCSIE (2020)
- a check of professional qualifications, where required; and
- a check to establish the person's right to work in the United Kingdom.

For agency and third party supply staff, schools and colleges must also include whether written confirmation has been received that the employment business supplying the member of supply staff has carried out the relevant checks and obtained the appropriate certificates, and the date that confirmation was received and whether any enhanced DBS certificate check has been provided in respect of the member of staff.

Whilst there is no statutory duty to include on the single central record details of any other checks, schools and colleges are free to record any other information they deem relevant. For example, checks for childcare disqualification, volunteers, and safeguarding and safer recruitment training dates. Schools and colleges may also wish to record the name of the person who carried out each check.

The single central record can be kept in paper or electronic form.

15.5 Staff who have contact with pupils and families

All staff who have contact with children and families will have supervisions which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

16. Monitoring arrangements

This policy will be reviewed **annually** by the Headteacher and the Safeguarding Governor. At every review, it will be approved by the full governing board.

17. Links with other policies

This policy links to the following policies and procedures:

- Behaviour
- Anti-bullying Policy

- Staff code of conduct
- Complaints
- Health and safety
- Attendance
- Online safety
- Equality
- Sex and relationship education
- First aid
- Designated teacher for looked-after and previously looked-after children
- Privacy notices

These appendices are based on the Department for Education's statutory guidance, **Keeping Children Safe in Education (September 2020)** <https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent

We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in [relevant conduct](#); or
- The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#); or
- The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity

- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

All governors will also have a section 128 check (as a section 128 direction disqualifies an individual from being a maintained school governor).

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under [section 128 of the Education and Skills Act 2008](#)). [Section 128 checks are only required for local governors if they have retained or been delegated any management responsibilities.]
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

Appendix 3: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff, including a supply teacher or volunteer, has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the Local Authority

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the Headteacher (or chair of governors) where the Headteacher is the subject of the allegation) – the 'case manager' – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate – access support from the LA HR officer and relevant trade union.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the Local Authority will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as supply staff provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using a supply teacher due to safeguarding concerns without finding out the facts and liaising with our local authority designated officer to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the local authority designated officer as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required. If they think that the individual has engaged in conduct that has harmed (or is likely to harm) a child, or if they think the person otherwise poses a risk of harm to a child, they must make a referral to the DBS.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension

- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Appendix 4: specific safeguarding issues

Annex A of KCSIE (September 2020) also includes information on further issues to be aware of, including children's involvement in the court system, children with family members in prison, and county lines.

See BCSP for all local procedures linked to the issues below
<https://www.proceduresonline.com/barnsley/scb/index.html>

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Child criminal exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Domestic abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. This is the procedure where police forces are part of [Operation Encompass](#)

The DSL will provide support according to the child's needs and update records about their circumstances.

See BCSP link https://www.proceduresonline.com/barnsley/scb/p_dom_viol_abuse.html

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and deputy will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

So-called 'honour-based' abuse (including FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out

- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a “special procedure” or to attend a special occasion to “become a woman”
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Being unexpectedly absent from school
 - Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority’s designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

- **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups
- **Extremism** is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces
- **Terrorism** is an action that:
 - Endangers or causes serious violence to a person/people;
 - Causes serious damage to property; or
 - Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or

The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will contact the parents immediately via phone through the school office.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

- Search the school grounds and building.
- Contact parents immediately. If the child is not ill and the parents do not know where they are, we will contact the police immediately.

APPENDIX 5 - COVID-19 ADDENDUM (September 2020)

This addendum sets out expectations linked to safeguarding and remote education during coronavirus. <https://www.gov.uk/guidance/safeguarding-and-remote-education-during-coronavirus-covid-19>

Unless covered here, our normal Safeguarding and child protection policy above continues to apply.

Safeguarding pupils and teachers online

Keeping teachers safe when providing remote education is also essential. Remote education is a new experience for both staff and pupils, so it's important that schools understand how to approach safeguarding procedures online.

Schools may wish to use these resources to understand more about ensuring online education is safe:

- remote education advice from The Key for School Leaders
- advice from NSPCC on undertaking remote education safely
- guidance from the UK Safer Internet Centre on remote education

Guidance on teaching online safety in schools provides information to help schools ensure their pupils understand how to stay safe and behave online.

School contact with parents and carers can also be used to reinforce the importance of children staying safe online.

It's especially important for parents and carers to be aware of what their children are being asked to do, including:

- sites they will be asked to use
- school staff their child will interact with
- Schools should emphasise the importance of a safe online environment and encourage parents and carers to set age-appropriate parental controls on digital devices and use internet filters to block malicious websites. These are usually free, but often need to be turned on
- Use these resources to support parents and carers to keep their children safe online:

- Thinkuknow provides advice from the National Crime Agency (NCA) on staying safe online
- Parent info is a collaboration between Parentzone and the NCA providing support and guidance for parents from leading experts and organisations
- Childnet offers a toolkit to support parents and carers of children of any age to start discussions about their online life, to set boundaries around online behaviour and technology use, and to find out where to get more help and support
- Internet matters provides age-specific online safety checklists, guides on how to set parental controls on a range of devices, and a host of practical tips to help children get the most out of their digital world
- London Grid for Learning has support for parents and carers to keep their children safe online, including tips to keep primary aged children safe online
- Net-aware has support for parents and carers from the NSPCC, including a guide to social networks, apps and games
- Let's Talk About It has advice for parents and carers to keep children safe from online radicalisation
- UK Safer Internet Centre has tips, advice, guides and other resources to help keep children safe online, including parental controls offered by home internet providers and safety tools on social networks and other online services

Reporting concerns

It is essential to have and communicate clear reporting routes so that children, teachers, parents and carers can raise any safeguarding concerns.

Schools may wish to review the existing arrangements to ensure they are appropriate during any school / bubble closures, or if additional or alternative arrangements need to be put in place.

Schools should consider signposting to the practical support that's available for reporting harmful or upsetting content as well as bullying and online abuse.

Harmful or upsetting content

Get support by:

- reporting harmful online content to the UK Safer Internet Centre
- getting government advice and trusted resources from Educate Against Hate on safeguarding from radicalisation, building resilience to extremism, and promoting shared values
- Bullying or abuse online

You can:

- get advice on reporting online abuse from the National Crime Agency's Child Exploitation and Online Protection command
- get advice and support from Anti-Bullying Alliance for children who are being bullied
- Schools may also wish to use resources such as Tootoot to provide a confidential route for pupils to report bullying or abuse.
- Schools can access the free Professionals Online Safety Helpline which supports the online safeguarding of both children and professionals. Call 0344 381 4772 or email helpline@safinternet.org.uk. The helpline is open from Monday to Friday from 10am to 4pm

Communicating with parents, carers and pupils

Where education is now having to take place remotely, it's important for schools, teachers and pupils to maintain professional practice as much as possible. When communicating online with parents and pupils, schools should:

- communicate within school hours as much as possible (or hours agreed with the school to suit the needs of staff)
 - communicate through the school channels approved by the senior leadership team
 - use school email accounts (not personal ones)
 - use school devices over personal devices wherever possible
 - advise teachers not to share personal information
 - Virtual lessons and live streaming
- Should schools choose to provide remote education using live streaming or pre-recorded videos, guidance from the National Cyber Security Centre (NCSC) on which video conference service is right for your school and using video conferencing services securely could help schools to set up video conferencing safely, if this is the chosen approach.
 - In addition, guidance from the UK Safer Internet Centre on safe remote learning includes detailed advice on live, online teaching, and the safeguarding guidance from London grid for learning (LGfL) includes platform-specific advice.
 - Teaching from home is different to teaching in the classroom. Teachers should try to find a quiet or private room or area to talk to pupils, parents or carers. When broadcasting a lesson or making a recording, consider what will be in the background.
 - In some areas, schools may also be able to seek support from their local authority when planning online lessons and activities, and considering online safety.

Providing pastoral care remotely

- Helping parents, carers and pupils to make a weekly plan or structure that includes time for education, playing and relaxing is important to reduce stress and anxiety for families.
- As set out in Public Health England's guidance for parents and carers, routine can give children and young people an increased feeling of safety in the context of uncertainty.
- Schools might want to consider whether one-to-one sessions could be appropriate in some circumstances. For example, to provide pastoral care or provide support for pupils with special educational needs and disabilities (SEND)
- This should be discussed and approved by the senior leadership team to assess any risks. There may be helpful solutions, such as including a parent or additional staff member in the call.

Personal data and GDPR

- Schools and colleges should continue to follow the guidance outlined in the data protection: toolkit for schools when managing personal data and may need to consider:
 - taking care not to share contact details when emailing multiple people
 - being careful when sharing usernames and other personal data for access to online resources
- providing access to school data systems safely

The Department for Education's definition of 'vulnerable children' includes those who:

- Are assessed as being in need, including children:
 - With a child protection plan
 - With a child in need plan
 - Looked after by the local authority
- Have an education, health and care (EHC) plan
- Have been assessed as otherwise vulnerable by educational providers or LAs, for example those who are:

- On the edge of receiving support from children's social care services
- Adopted
- At risk of becoming NEET ('not in employment, education or training')
- Living in temporary accommodation
- Young carers
- Considered vulnerable at the provider and LA's discretion

Core safeguarding principles

When remote learning is in place for a bubble or the school as a whole, will still have regard to the statutory safeguarding guidance, [Keeping Children Safe in Education](#) (September 2020)

Although remote learning means operating in a different way to normal, we are still following these important safeguarding principles:

- The best interests of children must come first
- If anyone has a safeguarding concern about any child, they should continue to act on it immediately
- A designated safeguarding lead (DSL) or deputy should be available at all times (see section 4 for details of our arrangements)
- It's essential that unsuitable people don't enter the school workforce or gain access to children
- Children should continue to be protected when they are online

Reporting concerns

All staff (and volunteers when they are allowed back into school) must continue to act on any concerns they have about a child immediately. It is still vitally important to do this, both for children continuing to attend or returning to school and those at home.

Please note that there are no changes to our procedures for reporting concerns when remote education is in place.

Where staff have a concern about a child, they should continue to follow the process outlined in the school Child Protection and Safeguarding Policy, by completing a cause for concern form.

Staff are reminded of the need to report any concern immediately and without delay.

Where staff are concerned about another member of staff working with children in the school, they should report the concern to the Headteacher.

Concerns around the Headteacher should be directed to the Chair of Governors

The Local Authority will continue to offer support in the process of managing allegations against staff (see details on the link: https://www.proceduresonline.com/barnsley/scb/p_alleg_against_staff.html)

As a reminder, all staff should continue to work with and support children's social workers, where they have one, to help protect vulnerable children.

DSL (and deputy) arrangements

Oxspring Primary School has a Designated Safeguarding Lead (DSL) and a Deputy DSL.

- The Designated Safeguarding Lead is: Sharon Irwin
- The Deputy Designated Safeguarding Lead is: Helen Rolling

The optimal scenario is to have a trained DSL (or deputy) available on site. Where this is not the case, a trained DSL (or deputy) will be available to be contacted via phone (details above) or online video - for

example when working from home. Where a trained DSL (or deputy) is not on site, in addition to the above, a senior leader will assume responsibility for co-ordinating safeguarding on site. This would include liaising with the offsite DSL (or deputy) and as required liaising with children's social workers where they require access to children in need and/or to carry out statutory assessments at the school or college. It is important that all Oxspring Primary School staff have access to a trained DSL (or deputy).

Staff on site have the contact details of the DSL and deputy DSL at all times.

If both the DSL and Deputy DSL are unavailable, the next most senior member / s of staff will be on site and will report all safeguarding matters to the DSL / Deputy DSL as soon as possible. Mrs Reeve and Mrs Wright are the next points of contact in school if necessary.

The DSL will continue to engage with social workers, and attend all multi-agency meetings, which can be done remotely.

The senior leader will be responsible for liaising with the off-site DSL (or deputy) to make sure they (the senior leader) can:

- Identify the most vulnerable children in school
- Update and manage access to child protection files, where necessary
- Liaise with children's social workers where they need access to children in need and/or to carry out statutory assessments

Working with other agencies

We will continue to work with children's social care and with virtual school heads for looked-after and previously looked-after children.

We will continue to update this addendum where necessary, to reflect any updated guidance from:

- Barnsley Safeguarding Children's Partnership (BSCP) <https://www.barnsley.gov.uk/services/children-families-and-education/safeguarding-families-in-barnsley/safeguarding-children-in-barnsley/barnsley-safeguarding-children-partnership/>
- The local authority about children with education, health and care (EHC) plans, the local authority designated officer and children's social care, reporting mechanisms, referral thresholds and children in need

The following guidance is currently in place:

- BSCP General COVID advice and guidance:
<https://www.barnsley.gov.uk/services/health-and-wellbeing/covid-19-coronavirus-advice-and-guidance/>
- Health and support services, including domestic violence
<https://www.barnsley.gov.uk/services/health-and-wellbeing/covid-19-coronavirus-advice-and-guidance/help-and-support-services-available-during-covid-19/>
- Keeping children safe during isolation
<https://www.barnsley.gov.uk/news/help-keep-barnsley-s-children-safe/>
- DFE Safeguarding updates
<https://www.gov.uk/government/publications/covid-19-safeguarding-in-schools-colleges-and-other-providers/coronavirus-covid-19-safeguarding-in-schools-colleges-and-other-providers>

Monitoring attendance

Attendance is compulsory from September and we will resume taking the attendance register in line with DFE guidance. We will also continue to submit the Department for Education's daily online attendance form, until no longer asked to do so. <https://www.gov.uk/government/publications/school-attendance>

Where any child we expect to attend school doesn't attend, or stops attending, we will:

- Follow up on their absence with their parents or carers, by a phone call from the office staff made following close of registration
- Notify their social worker, where they have one

We will make arrangements with parents and carers to make sure we have up-to-date emergency contact details, and additional contact details where possible.

Peer-on-peer abuse (Child on child sexual violence and harassment)

We will continue to follow the principles set out in part 5 of Keeping Children Safe in Education when managing reports and supporting victims of peer-on-peer abuse.

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

Staff should continue to act on any concerns they have immediately – about both children attending school and those at home.

We will listen and work with the young person, parents/carers and any multiagency partner required to ensure the safety and security of that young person. Concerns and actions must be recorded on a cause for concern form and appropriate referrals made.

Concerns about a staff member or volunteer

We will continue to follow the principles set out in part 4 of Keeping Children Safe in Education.

Staff should continue to act on any concerns they have immediately – whether those concerns are about staff/volunteers working on site or remotely.

We will continue to refer adults who have harmed or pose a risk of harm to a child or vulnerable adult to the Disclosure and Barring Service (DBS).

We will continue to refer potential cases of teacher misconduct to the Teaching Regulation Agency. We will do this using the email address Misconduct.Teacher@education.gov.uk for the duration of the COVID-19 period, in line with government guidance.

Contact plans

Where children have a social worker, a contact plan should be in place.

For any other children who we have safeguarding concerns about, for circumstances where:

- They won't be attending school (for example where the school, parent/carers and social worker, if relevant, have decided together that this wouldn't be in the child's best interests); or
- They would usually attend but have to self-isolate

School will make contact – this will be at least once a week

- The class teacher / DSL or Deputy DSL / SENDCO will make contact – as far as possible, this will be staff who know the family well
- This will be over the phone, doorstep visits, or a combination of both

If we can't make contact, we will seek advice from the BSCP and contact social care or the police as necessary.

Safeguarding all children

Staff (and volunteers) are aware that this difficult time potentially puts all children at greater risk.

Staff (and volunteers) will continue to be alert to any signs of abuse, or effects on pupils' mental health that are also safeguarding concerns, and act on concerns immediately in line with the procedures set out in section 3 above.

Children returning to school

The DSL (or deputy) will do all they reasonably can to find out from parents and carers whether there have been any changes regarding welfare, health and wellbeing that they should be aware of before the child returns.

The DSL (and deputy) will support staff and children regarding new concerns (and referrals as appropriate) as more children return to school.

Staff and volunteers will be alert to any new safeguarding concerns as they see pupils in person.

Children at home

The school will maintain contact with children who are not at school due to illness or remote learning. Staff will try to speak directly to children at home to help identify any concerns. They will use school phones to make calls home.

Staff and volunteers will look out for signs like:

- Not completing assigned work or logging on to school systems
- No contact from children or families
- Seeming more withdrawn during any class check-ins or video calls

Online safety

In school

Oxspring Primary School will continue to provide a safe environment, including online safety. This includes the use of an online filtering system. Where students are using computers in school, appropriate supervision will be in place. We will contact Code Green for advice and support as required.

Outside school

Where staff are interacting with children online, they will continue to be alert to signs that a child may be at risk of harm online, and act on any concerns immediately, following our cause for concern reporting procedures.

It is important that all staff who interact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be dealt with as per the Child Protection and Safeguarding Policy and, where appropriate, referrals should still be made to children's social care and as required, the police.

Online teaching should follow the same principles as set out in the school's 'E-Safety and Acceptable Use Policy' and other relevant policies and codes of conduct.

Oxspring Primary School will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.

Below are some things to consider if delivering virtual lessons, especially where webcams are involved:

- Staff must only use platforms agreed by the school to communicate with pupils, and it is the responsibility of the teachers to gate keep and check content and comments.
- 1:1 video conferencing is strictly prohibited – in no circumstances should staff make or take video calls with pupils. If video conferencing is to be used to support vulnerable pupils, 2 staff should be present at all times.
- Suitable clothing should be worn by anyone in the household.
- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred wherever possible
- If live classes are used, they should be recorded so that if any issues were to arise, the video can be reviewed.
- Language must be professional and appropriate, including any family members in the background.
- Staff should record, the length, time, date and attendance of any sessions held. • Staff should record, the length, time, date and attendance of any sessions held.

We will make sure that parents and children know how to report any concerns they have back to our school, and signpost them to other sources of support too.

E-safety reminders will also continue to be a focus for home and school learning.

Working with parents and carers

We will make sure parents and carers:

- Are aware of the potential risks to children online and the importance of staying safe online
- Know what our school is asking children to do online, including what sites they will be using and who they will be interacting with from our school
- Are aware that they should only use reputable online companies or tutors if they wish to supplement the remote teaching and resources our school provides
- Know where else they can go for support to keep their children safe online:
- NSPCC <https://www.nspcc.org.uk/keeping-children-safe/online-safety/>
- Safer Internet <https://www.saferinternet.org.uk/advice-centre/parents-and-carers>
- Internet Matters <https://www.internetmatters.org/schools-esafety/parent-online-support-pack-teachers/>

Mental health

Children returning to school

Staff and volunteers will be aware of the possible effects that this period may have had on pupils' mental health. They will look out for behavioural signs, including pupils being fearful, withdrawn, aggressive, oppositional or excessively clingy, to help identify where support may be needed.

A focus on pupil mental health and wellbeing will be a priority for all children. The Oxspring Minds 5 ways to wellbeing will be used to scaffold support. Access to additional external advice and support will be available for any child / children who need this via discussions with Mrs Rolling (SENDCO)

Further guidance and resources can be found at the following links:

DFE

LA – Access to BMBC Human Resources advice and support for staff wellbeing <https://www.barnsley-services.co.uk/human-resources/>

Children at home

We will continue to offer our current support for pupil mental health for all pupils via remote education.

We will also signpost all pupils, parents/carers and staff to other resources to support good mental health at this time in line with the links above.

When setting expectations for pupils learning remotely and not attending school, teachers will bear in mind the potential impact of the current situation on both children's and adults' mental health.

Staff recruitment

Recruiting new staff and volunteers

We continue to recognise the importance of robust safer recruitment procedures, so that adults and volunteers who work in our school are safe to work with children.

We will continue to follow our safer recruitment procedures, and part 3 of Keeping Children Safe in Education. <https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

In urgent cases, when validating proof of identity documents to apply for a DBS check, we will initially accept verification of scanned documents via online video link, rather than being in physical possession of the original documents. This approach is in line with revised guidance from the [DBS](#). New staff must still present the original documents when they first attend work at our school.

Similarly, temporary measures allow right to work checks to be carried out by verifying scanned documents on a video call. If we need to take this approach, we will follow [Home Office and Immigration Enforcement guidance](#).

We will continue to do our usual checks on new volunteers, and do risk assessments to decide whether volunteers who are not in regulated activity should have an enhanced DBS check, in accordance with paragraphs 167-172 of Keeping Children Safe in Education.

Staff 'on loan' from other schools

Where applicable, we will assess the risks of staff 'on loan' working in our school, and seek assurance from the 'loaning' school that staff have had the appropriate checks via BMBC HR. We will also use the DBS Update Service, where these staff have signed up to it, to check for any new information.

Safeguarding induction and training

We will make sure staff (and volunteers once they start back in school) are aware of changes to our procedures and local arrangements.

New and 'on loan' staff induction

New staff will continue to receive:

- A safeguarding induction
- A copy of our updated Children protection and safeguarding policy
- Keeping Children Safe in Education part 1

We will decide on a case-by-case basis what level of safeguarding induction staff 'on loan' need. In most cases, this will be:

- A copy of our child protection policy and this addendum
- Confirmation of local processes
- Confirmation of DSL arrangements

DSL training

Keeping records of who's on site

We will keep a record of which staff are on site each day and daily attendance figures will be submitted to the DFE. We will continue to keep our single central record up to date and ensure that appropriate checks have been carried out.

We will use the single central record to log:

- Staff 'on loan'
- Details of any risk assessments carried out on staff on loan from elsewhere

Children attending other settings

Where children are temporarily required to attend another setting, we will make sure the receiving school is provided with any relevant welfare and child protection information.

Wherever possible, our DSL (or deputy) and/or special educational needs co-ordinator (SENCO) will share, as applicable:

- The reason(s) why the child is considered vulnerable and any arrangements in place to support them

- The child's EHC plan, child in need plan, child protection plan or personal education plan
- Details of the child's social worker
- Details of the virtual school head

Where the DSL, deputy or SENCO can't share this information, the senior leader(s) identified in section 4 will do this. We will share this information before the child arrives as far as is possible, and otherwise as soon as possible afterwards.

Monitoring arrangements

This policy will be reviewed as guidance from BSCP, the LA or DFE is updated, and as a minimum by September 2021. At every review, it will be approved by the FGB at Oxspring Primary School.
