4<sup>th</sup> November 2016

Dear Parents / Carers

### E-safety Questionnaire

A key school improvement focus area this year is on raising the profile of e-safety within school. E-Safety encompasses the use of new technologies, internet and electronic communications such as mobile phones, collaboration tools and personal publishing. It highlights the need to educate pupils about the benefits and risks of using technology and provides safeguards and awareness for users to enable them to control their online experience.

At Oxspring Primary School, we are fully committed to working with parents and children on promoting the safe and responsible use of the internet and social media. In light of this, we plan to carry out a range of events and activities for children, parents and staff throughout the year. As a baseline for our e-safety work, we would like to invite parents / carers to complete the attached anonymous questionnaire for each child in Year 1 to 6 in order to inform our programme of work. The information provided will be then be analysed to assess our needs as a school community and help us to plan information sessions for children and parents.

Could completed questionnaires please be returned to school by Friday 18<sup>th</sup> November in the envelopes provided. Please note that parents / carers do not need to identify their child's name anywhere in the survey or on the envelope.

Following the analysis of the questionnaires, we would then like to invite parents / carers to an **introductory e-safety workshop on Wednesday 30<sup>th</sup> November at 6pm**. Further details will be sent out shortly.

In advance of your completion of the questionnaire, I would like to thank you for your time and support. We greatly appreciate your input, feedback and suggestions which will inform our school improvement work.

Many thanks

Kind regards

Sharon Irwin
