

Oxspring 2020

Our School's Mission

'To be a learning community with a culture of ambition and achievement'

Our Values

Our Vision

'Embracing Learning - a school for all'

Our ambition

Oxspring 2020 is an ambitious three year plan that aims to establish clear organisational goals which reflect the vision and shared understanding of the school and its broader community. We value our staff, governors and parents as the key agents of improvement, alongside the children. The implementation of these goals is the shared responsibility of all stakeholders, with the Governing Body and Senior Leadership Team taking the primary responsibility for leading and monitoring the process.

The aims below have been prioritised to help us to achieve our vision. Our 2020 goal is to create a school community where children, staff, governors and families participate, excel and take pride in their achievements.

Pupils' Progress - Achievement and Standards

Aim 1 - We aim to create a school:

- Which has high standards of achievement
- In which all lessons taught have the 'wow' factor
- Where a clear emphasis is placed on reading, writing and maths
- Which prepares children for the next stage of their education
- Which challenges our children to achieve

Learning is at the centre of the Oxspring Primary School community. Small class sizes, excellent teachers and a broad, stimulating and balanced curriculum will ensure the very best of outcomes for each pupil. A developing programme of enrichment ensures that learning does not finish when the bell goes!

Pupils' Personal Qualities - Personal Development and Well Being

Aim 2 - We aim to create a school in which children:

- Are happy and safe
- Feel confident to share their opinions and have their voices heard
- Demonstrate behaviour and standards which we are proud of
- Where a focus is placed on health and wellbeing
- Are independent in their learning
- Begin the journey of lifelong learners
- Promote respect for themselves, others and the environment
- Develop enquiring minds and a spirit of curiosity

The children at Oxspring Primary School are equipped to face life's challenges with confidence and enthusiasm.

Resource Management - Quality of Provision

Aim 3 - We aim to create a school which:

- Makes the most of the local environment in children's learning
- Becomes a hub school for outstanding practitioners
- Provides training/career progression for all
- Has access to facilities and resources which enable children to achieve

Resources are monitored and developed which achieve best value for money, whilst ensuring the quality of provision evolves dynamically.

Leadership & Management

Aim 4 - We want to create a school which:

- Has inspirational leaders
- Recognises and develops leaders at all levels
- Communicates effectively with all stakeholders

Oxspring Primary School leaders aim to ensure that all children and the wider community feel valued, nurtured and supported.

What Makes Oxspring Special - The 'O' Factor

Aim 5 - We aim to:

- Create a small school with big ideas
- Offer unique experiences
- Provide opportunities to benefit others as well as the school community
- Share a passion for learning
- Develop a culture of creativity

Oxspring Primary School will encourage children, staff, parents and the local community to work together as a cohesive team.
