Headteacher: Mrs Sharon Irwin

6th November 2020

Dear Parents / Carers

Hepp DT workshops

After liaising with Laura Heppenstall from Hepp DT, we are delighted that she is able to offer a half day DT workshop for every class in school before the end of term. Many of you will be aware of the huge success of the previous DT work which the children completed with Laura and her husband. For our new parents, Hepp DT are a local family business who specialise in Primary DT / STEM Education and provide high quality, engaging Design and Technology sessions. See further details on their website <https://www.heppdt.co.uk/>

Over the course of the next 6 weeks, Hepp DT will deliver an age-appropriate project for each class (see agreed dates below) which is risk assessed, and builds on a range of different design and technology skills. Please also note that the workshops will be carried out in a COVID - safe environment.

Hepp DT workshop dates:

- Class 1 - Friday 4th December (am) - Reindeer
- Class 2 - Tuesday 1st December (am) - Snowmen Faces
- Class 3 - Friday 13th November (am) - Mechanical dragons
- Class 4 - Tuesday 17th November (am) - Family Shield Clock
- Class 5 - Friday 20th November (am) - Automata

In order for the workshops to go ahead, we would like to please ask parents / carers for a voluntary contribution of £7.50 per child. The cost covers the specialist teaching, all the materials for each project and for every child to bring home their completed items.

Could you please log on to Parent Pay to both give your consent for your child/ren to participate in the workshops and also to make the voluntary contributions online. Please ensure that you have done this prior to your child's workshop date otherwise without consent they will not be able to take part.

Many thanks for your continued support.

Kind regards, Sharon Irwin
