

Class 5 homework grid Spring 1 2022

Please encourage your child to complete at least two of the homework activities from the grid below over this half term. I only ask that two be completed as I appreciate the time already being asked to complete spellings and reading regularly as well as the maths tasks.

Design your own 'Greek god' family tree and create a short fact file for each god and goddess.	Write a review of your latest reading book to share with the class, and also ask your parents if you can share the review on the https://www.lovereadings4kids.co.uk/ review site.	Use BBC bitesize to help you create a cartoon strip using your new Spanish vocabulary for greeting people.
Plan a Greek 'island hopping' journey by finding which islands you can travel to and what the main attraction would be on each island.	Make an A-Z of Greece. Think about presenting your work in the best way possible. What could you do on the border? You could add an illustration to each or some of the letters along with small pictures linked to your sentences.	Create a word search or crossword using the spellings from this school year.
Use software such as Sketch up or Minecraft to recreate an Ancient Greek amphitheatre.	Follow the link below to listen to some of the Ancient Greek myths then create a cartoon version with the key plot points. https://www.bbc.co.uk/teach/school-radio/ks2-ancient-greece/zk73nrd	Famous Greeks: The Greeks were famous for their clever thinking and we still remember and use some of their ideas today. Examples are Pythagoras, Aristotle, Hipocrates. Research a famous ancient Greek and present a 2-minute talk to share with your class about what you have learnt. You may use PowerPoint if you wish.
These are just a few ideas for home learning activities. Please feel free to use your own interests to extend your learning at home.
