

Please find below the homework grid for this half term. Our topic this half term is **Space!** There are opportunities for writing, maths and creativity. Please feel free to record it using photographs, videos, models, drawing and writing. Homework should be **completed once a week** and returned by a Thursday onto the homework shelf outside the classroom. Homework that has been returned will be shared with the whole class on Friday

**Please access Numbots and Spelling shed as much as possible in short, sharp bursts.**

Please read every day to and with your child.

Plan your own space mission - what would you like to discover?	Can you visit the International Space Station website and find some facts about NASA astronauts?
Make your own rocket. What materials could you use to make the different parts?	Design your own alien! What language do they speak? Where are they from?
Design your own flag that could be placed on a planet that you may visit.	Can you write a space themed story? Maybe you explored a new planet? Did you meet any aliens? What did you discover?
Paint a picture of a planet. What colours could you use?	Go on a nature walk. What signs of winter can you find?
Year 1s Use objects around the house to practise taking away. Think of your own subtraction stories too.	Year 2s Practise your ten times tables. All multiples of 10 end with a zero. Remember to count in 10s to find the total.
